

SPRING BREAK IDEA

PHOTO FUN

INSTRUCTIONS

1. Help your little gardener find picture perfect moments in the Garden Center. Provide a gentle reminder to your gardeners that as they are exploring , they want to be careful where they step so they do not disturb their photo subjects or cause harm to nearby plants.
2. Suggest they take a few notes after each photo that describes what they saw and why they decided they wanted to document it, as well as the plant name.
3. Tag us on Instagram, @BuchanansPlants, or Facebook to have their photo featured on our page!
