Supplies needed:

- 3 Pipe Cleaners
- 10 Beads
- 2 Googly Eyes
- Hot Glue

PIPE CLEANER DRAGONFLIES

Instructions:

1. Cut about 2 inches off of one out of the three pipe cleaners.
2. Fold one of the full length pipe cleaners in half and then place all but one bead on it.
3. Create hoops with your two remaining pipe cleaners and twist the ends to hold them together.
4. Place the smaller hoop around the top of your beaded pipe cleaner and bend it in half so that you have two equal sized wings. Twist each wing to hold it in place. Repeat with the larger hoop just above to create the top wings.
5. Place your remaining bead on and then roll the double ends of the pipe cleaner down to shape your head. Glue the googly eyes on, and you're done!

Ta-da!
